Options	Bluetooth® photo print adapter Duplexer for 2-sided printing²
What's In The Box	Artisan 700 photo all-in-one, setup and instruction manuals, CD-ROM with drivers and creativity software, power cord, ethernet cable (CAT-5), Epson Preferred℠ invitation and free 4x6 photo paper plus coupons with special offers, 6 Claria Hi-Definition Ink cartridges (one 98 High-capacity Black ink cartridge and five 99 Standard-capacity color ink cartridges: Cyan, Magenta, Yellow, Light Cyan, Light Magenta)

¹ Pages/copies per minute (ppm/cpm) speed measured after first page, based on black and color text patterns in Draft Mode on plain paper. Color photo in Draft Mode on Premium Photo Paper Glossy measured from start of paper feed. Additional print time will vary based on system configuration, software application and page complexity. See www.epson.com/printspeed for more information about print speed.

² Double-sided printing available on the Macintosh® only with optional duplexer

³ One-year limited warranty to all purchasers; toll-free support and second-year warranty require registration within 60 days of purchase. With registration, Epson provides phone support without charge for the life of the product. Telephone toll charges may apply.

† Ink fade resistance ratings based on accelerated testing of prints on specialty media, displayed indoors, under glass. Actual print stability will vary according to media, printed image, display conditions, light intensity, humidity and atmospheric conditions. Epson does not guarantee the longevity of prints. For maximum print life, display all prints under glass or properly store them. Visit www.wilhelm-research.com for the latest information.

††Adapter required.

†††We recommend the use of genuine Epson ink cartridges. The use of other products may affect your print quality and longevity and could result in all-in-one damage. Cartridge yields vary considerably based on images printed, print settings, paper type, frequency of use and temperature. For print quality, a small amount of ink remains in the cartridge after the "Replace cartridge" indicator comes on. See www.epson.com/cartridgeinfo for more information about cartridges.
